Here at TNT we believe it is extremely important to level and age athletes correctly. Levels and age groups are set up by the international governing body (IASF) and set the standard for safety throughout the world. The tumbling level requirements below are intended to be used as a guide for team selection. Athletes should have these skills mastered when they attend that level tryout. It is also important to note that there are lots of factors that go into team creation, such as stunting ability, position and attitude, not just the tumbling requirements alone.

PROGRAMS

HERE AT TNT WE OFFER SOMETHING FOR EVERYONE! WE OFFER THREE DIFFERENT COMMITMENT LEVELS DEPENDING ON WHAT YOU AND YOUR ATHLETE NEEDS

RECREATIONAL

These teams practice for one hour per week and are non-competitive. This is a perfect place to learn the foundations of cheerleading without having to attend competitions. These teams will have a showcase at the end of the year to display everything they have learnt throughout the season.

NOVICE

Our Novice program is a great place to start out as a competitive cheerleader. These teams have no requirements and will teach you all of the foundations of level 1. Novice teams do less hours than All Star teams but still compete in 3-4 competitions per season.

ALL STAR

TNT's prides itself on having one of the strongest All Star programs in the country. Our All Star teams range from level's 1-7 and all practice twice per week. Each team competes 6 times throughout the season and teams have the opportunity to travel both interstate and internationally. Our program also includes elite all girl, coed, and non tumbling teams making it inclusive for everyone!

Attendance is compulsory for every lesson as every athlete plays a vital role when one person is missing it means the team cannot practice to its full potential. In Term 1 we have an alternate schedule that is more family friendly with no Sundays and all level

2-6 teams train 30 minutes less. Once Term 2 begins we switch to our regular schedule and attendance is crucial as we begin choreography and head into competition season. We will have additional practices in January and during choreography week. These times will be given out to each team on registration day. Please note the final 3 practices leading up to any competition are classified as our FLASH OUT period and cannot be missed. If they are missed your athlete may not be able to compete or their position in the routine may be altered. Please make yourself familiar with the policy documents on our website for further information.

TNT COACHES

As we head into our 6th season at TNT All Stars we are so grateful to have such a wonderful group of experienced and dedicated coaches. Our coaches go above and beyond the expectations of our athletes and consistently help them grow into successful young adults. At TNT it is more than just coaching or cheerleading, we are all about creating a family!

Here at TNT your athlete will train in a safe and supportive environment all while having fun! Our coaches are passionate for the growth of cheerleading and have all trained at an elite level. Our program culture promotes positive role models and our coaches continuously assist athletes in achieving their goals and dreams.

Our coaches are annually certified in first aid and credentialed through the international governing body for cheerleading (IASF). We also go above and beyond by training our coaches through an intensive in house training program. This allows for consistency in technique and skill building within all of our teams.

TNT's number one priority is child safety. Our coaches are trained in child protection at the beginning of every year. We have a member's protection plan in place that ensures the safety of our athletes creating WA's first "child safe" cheerleading program.

We also have a junior coaching program for our younger athletes to promote growth in our cheerleading community. This provides endless opportunities for future jobs in our quickly growing sport!

I love coaching at TNT because it allows me to connect and bond with the younger athletes in our program. I love giving kids the opportunity to fall in love with the sport that has shaped who I am today! I am passionate for cheerleading and excited to share my love for the sport through coaching.

- Maria
